

LOCATION: Online

Web Site Design with Remote Worker

Program Description:

The Web Site Designer with Remote Worker certificate program prepares students for careers in entry to mid-level employment using interactive design and development skills needed in today's business world. Students will learn how to be resourceful and creative to help their future employer create or enhance their online presence.

Program Details:

Students will participate in a learning environment that requires active participation. Participants will

- HTML 5
- Cascading Style Sheets
- Flexbot
- Bootstrap
- GitHub
- Sass
- Typography
- Visual Design Process
- Research Process
- Interaction Design
- Working Remotely
- Adobe Creative Cloud

CoreBuilders© Workplace Success Skills in Active Learning, Self-Leadership, Integrity, Teamwork, Communications, Human Behavior, Goals, Problem Solving, Digital Literacy and Career Management.

Students will participate in a holistic learning program that strengthens their ability to apply the related knowledge, skills, and abilities required to successfully perform at a high level in life and on-the-job. In addition to Industry and Technical Competencies, the curriculum effectively addresses the Personal Effectiveness, Academic and Workplace Competencies (Tiers 1-3) of the DOL-ETA Competency Model Pyramid.

Program Prerequisites: 18 years of age or older, HS Diploma or equivalent, Internet access, strong computer user skills, some programming experience preferred, and a strong desire to learn.

Contact Hours (including out of class work): 300

Delivery Format: Online with Instructor Interaction

Expected Award: UCM Certificate of Completion | Digital Badges | Remote Worker Certification

Tuition: \$4800 (includes, books, fees and exam costs if applicable)

Additional Fees: Laptop, \$400
